| 3 | Here is the putting of a figure inside a newtheorem | 2 |

1 Here is a figure

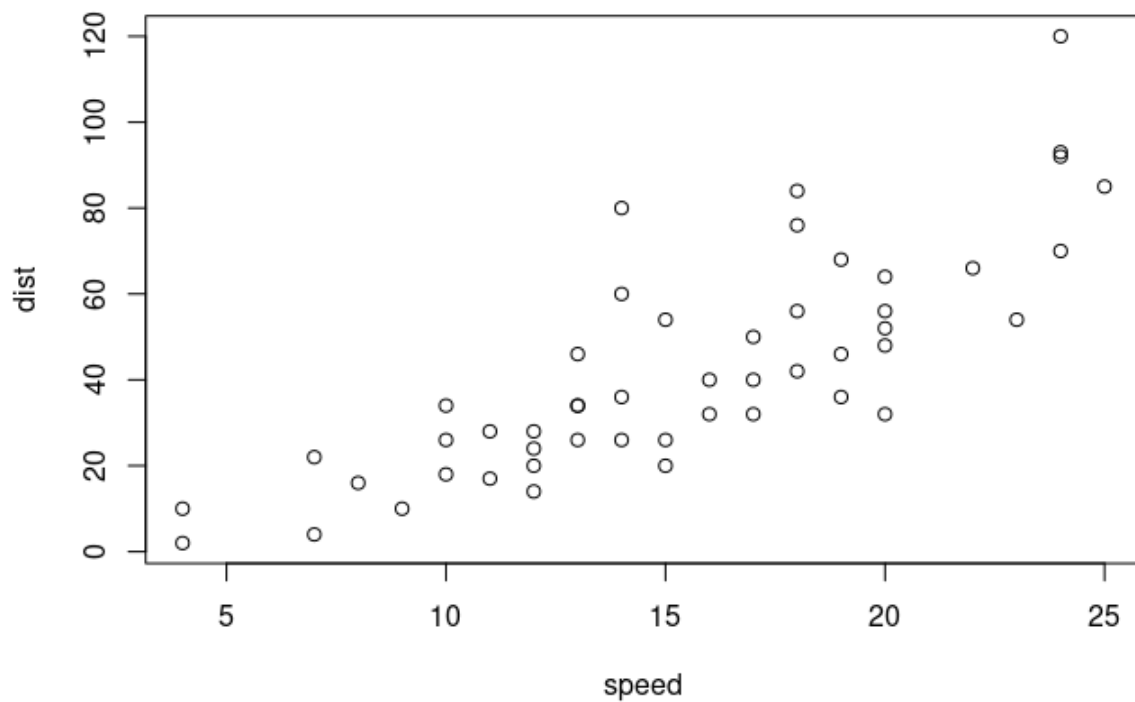

Figure 1: Something else to do with cars

2 Here is the putting of a figure inside another built in environment

Example 2.1. Here is an example.

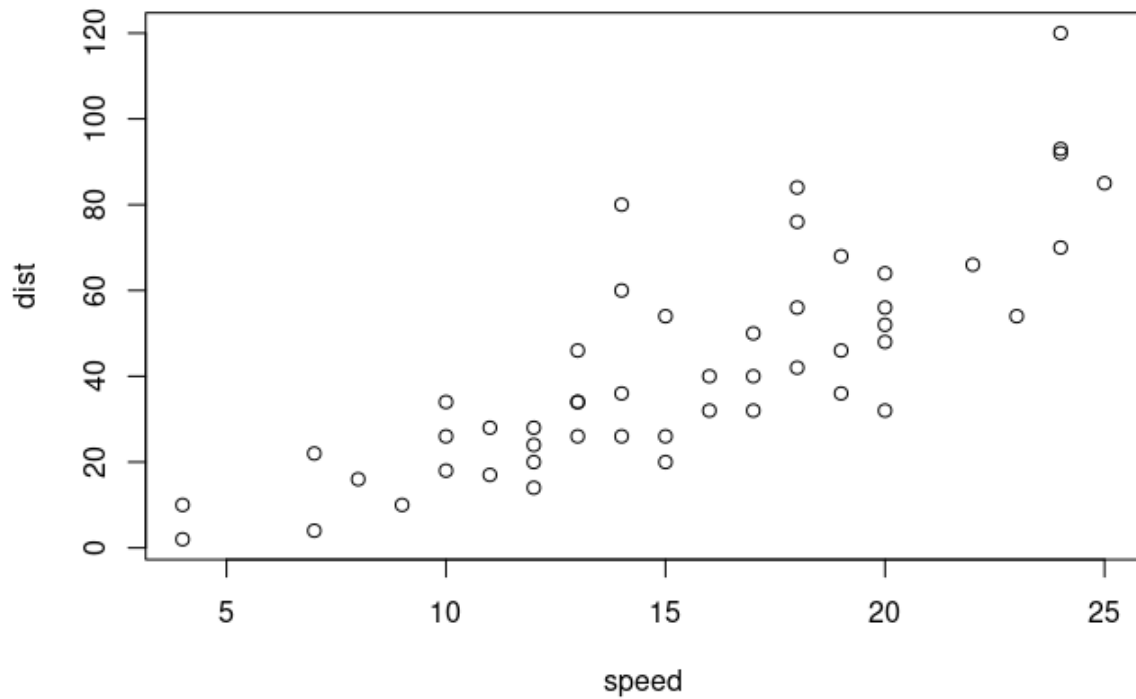

Figure 2: Something to do with cars

This is a test. So, you need an empty line before and after the above for it to be a float. At the end of an environment this means that you need TWO empty lines. This is Pandoc.

3 Here is the putting of a figure inside a newtheorem

Example. *An example*

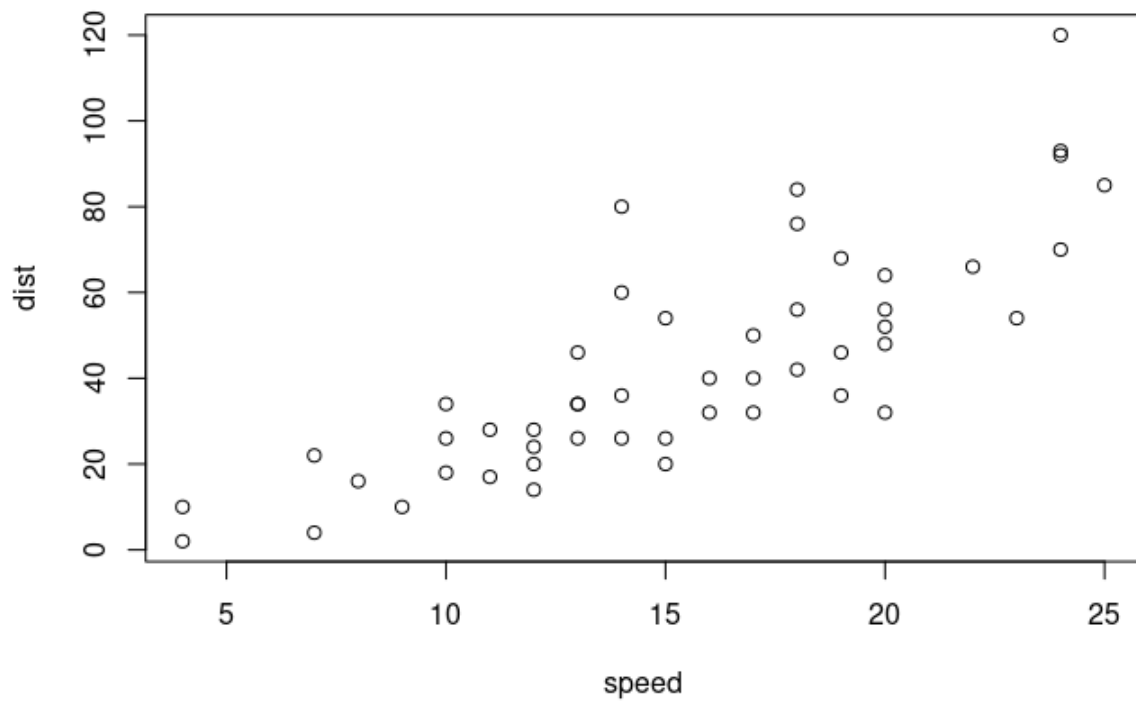

Figure 3: Something to do with cars
