## Contents

1 Here is a figure

Figure 1: Interactive plot of sine

2 Here is the putting of a figure inside another built in environment

Example 2.1. Here is an example.

This is some text below. A bug sometimes means this disappears but I cannot replicate in a clean document.

3 Here is the putting of a figure inside a newtheorem

Example. *An example*

*This is some text below. A bug sometimes means this disappears but I cannot replicate in a clean document.*
