

Test 005: Put a labeled figure/table inside a theorem/proof etc.

Emma Cliffe, Skills Centre: MASH, University of Bath

August 2020

Contents

1	Here is a figure	1
2	Here is the putting of a figure inside another built in environment	2
3	Here is the putting of a figure inside a newtheorem	2
4	Here is when we set width - and everything is different now	2

1 Here is a figure

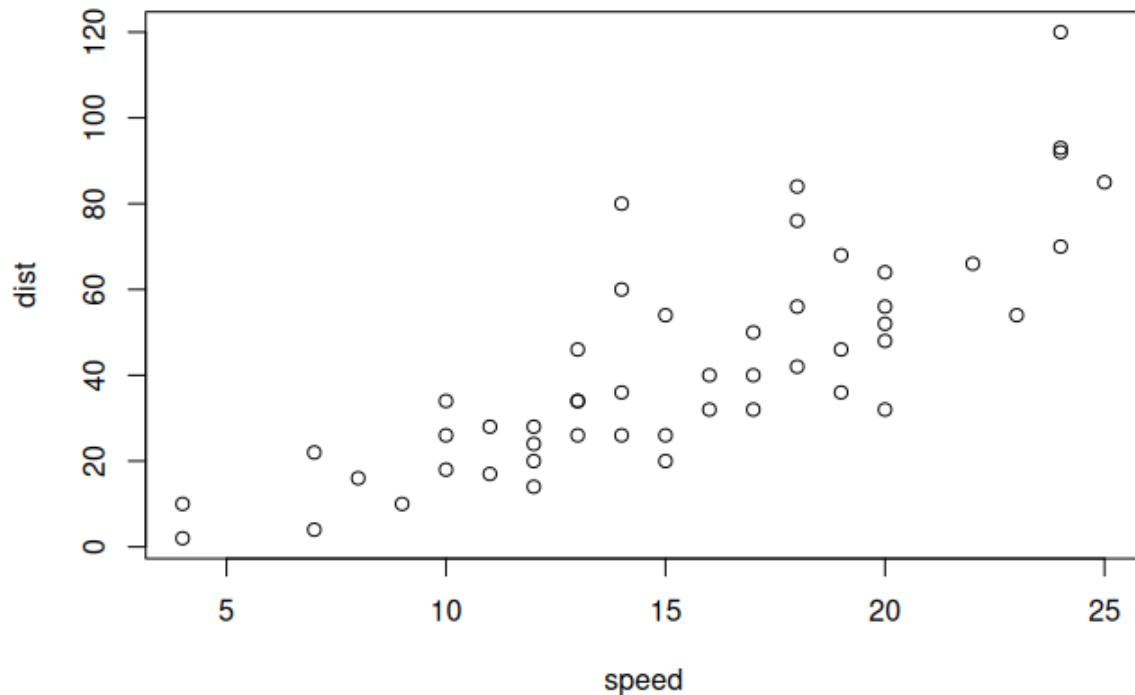

Figure 1: Something else to do with cars

2 Here is the putting of a figure inside another built in environment

Example 2.1. Here is an example.

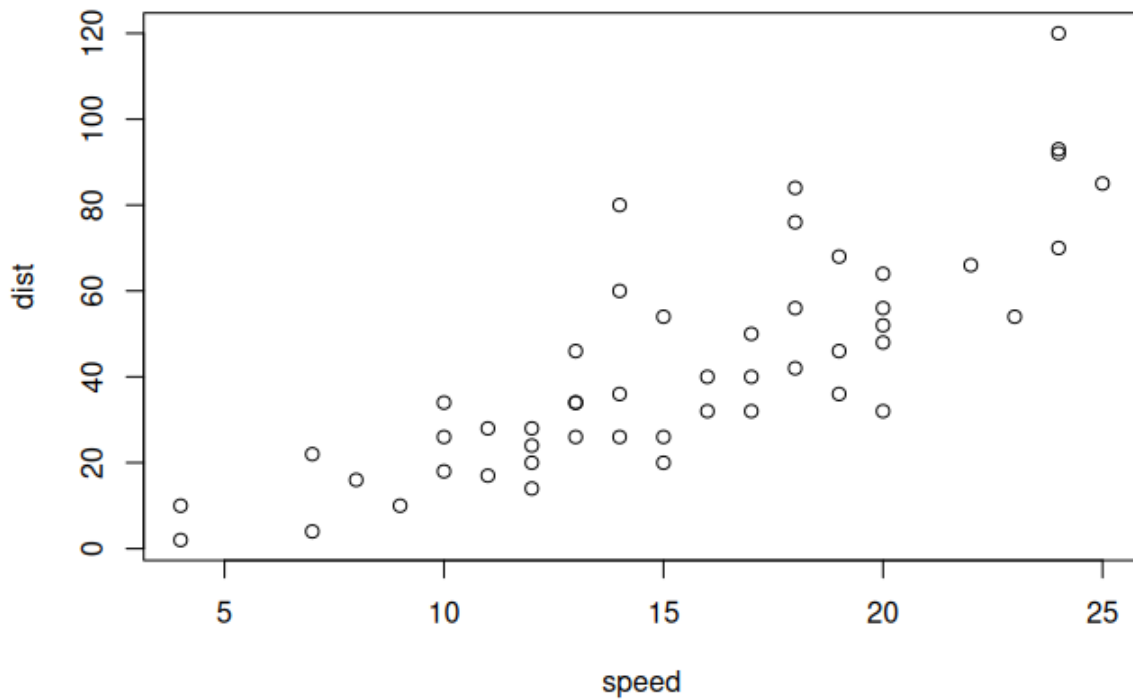

Figure 2: Something to do with cars

This is a test. So, you need an empty line before and after the above for it to be a float. At the end of an environment this means that you need TWO empty lines. This is Pandoc.

3 Here is the putting of a figure inside a newtheorem

Example. *An example*

4 Here is when we set width - and everything is different now

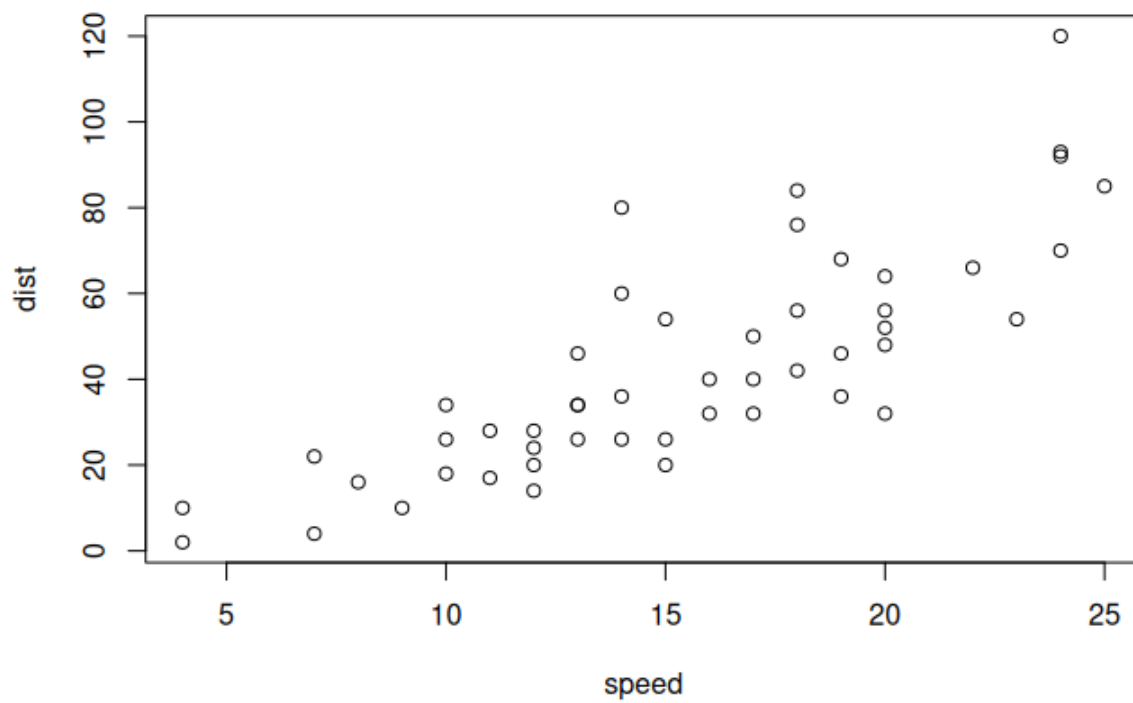

Figure 3: Something to do with cars

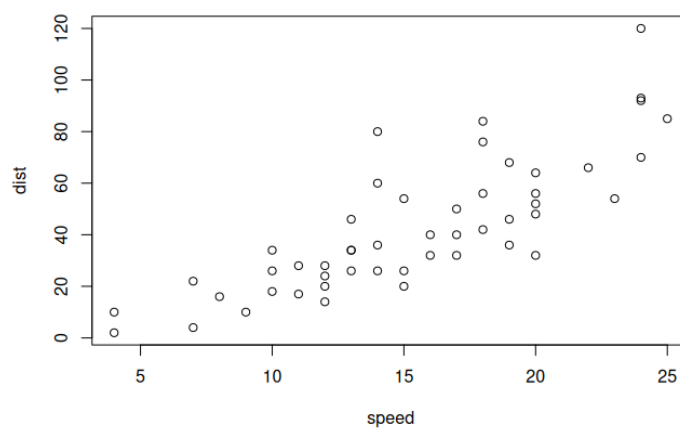

Figure 4: Something else to do with cars
